## FROM SUE

what a busy thursday evening we had. a new section of floor was done, people were trying to shop earlier to accomodate inventory and the inventory crew was setting up to start that huge job. more people than i've seen at once in growers for awhile. thanks to everyone for your efforts.

so azure, united and hummingbird deliveries arrived this week. big orders. phil put in a lot of time getting it all done, thanks. if you tried to get your special order tuesday and it wasn't there check again as it may not have gotten dealt with until wednesday.

nothing much in new items. we will soon have a lolcal w.w. flour!!!

we are going through a lot of 1/2 & 1/2 lately so i'm ordering two cases at a time for now so we have enough. there will be a noris order next week. no sight yet of nature's gate gallons of shampoo or conditioner.....

CHILDREN please ask your adult to remind you to clean up the kid's space when you are done playing. the last couple three weeks this hasn't been happening so clean it up, thank you. the play structure is going to be in storage for awhile. we have a nice couch, thanks to doulas for teens, it is a good spot to sit and read, do homework, nap or just chill. the space was getting crowded and the structure kept being used as boffer material anyway so we thought it should have a rest.

have a good week, happy new year! sue

## WHO IS A GROWERS MARKET VOLUNTEER?

You are!

Spill the rice, sweep it up. Break a jar, let your coordinator know and sweep it up.

Notice something is out of place, speak with your coordinator and you could earn a pumpkin or two (depending on time spent) for putting it back in place.

The balance of Growers depends on ALL of us!

We work hard to accommodate our community members and all of their varying needs and challenges.

We offer the Growers Market Member Discount based on ability.

Are you a pregnant and/or nursing mum?

Are you unable to work due to a disability?

Are you able to volunteer 30 minutes of your time towards the workings of Growers Market?

Then you my friend will get the added bonus of the Growers Market Discount!

Check the Garbanzo Gazette in the near future as the coordinators work towards consensus on a reasonable and realistic guideline for our Growers Market Discount recipients.

Healthy Shopping!

## HOUSE FOR RENT

3 bedroom 1 bath house with fenced back yard and access to adjacent garden space. It has hardwood floors, lots of built in storage space and is pet friendly. On the 2900 block of Kincaid st, close to Sundance, Capellas, Amazon Park, and the Reach Center. \$1000/month Available Jan 15th. Sarah 344-1003

## SHARE 2 BEDROOM HOUSE BEGINING JAN 1ST (OR BEFORE)

Looking to share this lovely house with a conscious, communicative, joyous, mature person! Sharing with a woman is my preference but if after reading this post you feel like you are a good match, please still contact me. Move in costs will be \$725 (half for first month's rent and half for security). The rent split evenly is \$362.50 each + utilities. We have a month to month lease agreement. As of now, I will be living here until for only a short time. I am waiting to hear if a spot opens for me in a herbal school, beginning March 15 in Cali. If I decide to attend I will be moving there around March 1st, maybe a bit before. I am exploring other possibilities as well, so may be leaving later like April or May...I will be able to give at least a month's notice to you, if not more! I would like to live with someone who definitely plans on staying until March, or beyond. (And I'm happy to help you find a new housemate.)

The house is beautiful and has: a bathtub, wood floors throughout, washer/dryer hook up, electric stove, dishwasher, a big open living and dining room space (perfect for dancing/yoga!), new energy efficient windows (and many of them), electric baseboards, a thermostat in each room, a bike/storage shed, a mud/coat room in back. It is in an alleyway, dead ending into a bike bath and park. Your room is in the front of the house with one double window looking out to a stand of oak trees and a side window to the side yard. There is a small closet with some shelves and space for hanging clothes with a shelf above it.

About me: Ecologically and spiritually minded, committed to a natural lifestyle, value healthy honest communication, on a healing path. I love to cook, and spend a lot of time in the kitchen, eating in the Nourishing Traditions style--so yes I cook meat and make bone stock (not much red meat and no bacon). I have very strong chemical and fragrance sensitivities, though natural/organic products and essential oils are usually fine. To elaborate, I can not live with someone who uses any conventional body care or cleaning products. Incense is usually not okay, a little sage is okay. Even some natural products are too strong for me, so please be open to discussing this with me to make sure we are both comfortable. I am mostly very quiet, but like to sing, and I like to dance to music a few times a week (this could happen when you are gone). Generally I go to bed between 10-11 and like quiet at night. I wont live with a TV or microwave. I will also be working from home making earrings to sell at the holiday market and looking for outside work as well. I tend to be a home body, especially in the winter time. It is very important to me to have a home with peaceful, good energy and have a healthy flow

with the person I live with. I am extremely minimal on drinking and hope to live with someone similar. I hope to live with someone who socializes outside mostly, and might bring one friend over at a time, a few times a week, but not much more than that. I am not sure if pets are allowed on our lease, but I would prefer not living with pets.

Please contact Leora at [LEROARA@gmail.com](mailto:LEROARA@gmail.com) or 525-0118.

Please spread the word to your friends.

Blessings!
