YOUR PATIENCE IS APPRECIATED!

Growers Market is stepping into a new decade and our cashiers will be using the cash registers to complete your whole transaction! No more clunky adding machine. We hope that this will help Growers maintain a better idea of what we sell and other small business-type details. Of course such a big change means everyone is learning a brand new system. Starting in January, please be aware that lines will move a little slower while we all adjust to the new buttons. **You can help!** We will be ringing up your purchase according to what department it comes from. You can let the cashier know what you are buying by department which will help move things along.

Produce - fruits and veggies and dates.

Bulk - all items that you brought a container for (includes coffee and the nuts in the fridge)

Cold/Frozen - If it came out of the fridge or freezer, but isn't one of the perishable nuts.

Packaged - things like chips and chocolates and other things that come in their own container.

Non-Food - If you can't eat it, or buy it with food stamps.

Thank you for your patience while we adjust!

-- Taylor & The Cashiers.

WELCOME OCCUPY EUGENE

The local protestors who are pointing their fingers at the richest one percent need no introduction. The Register-Guard beat the Garbanzo Gazette to the punch in announcing that Occupy Eugene had rented an office in the Growers Market Building. We should now have an upstairs tenant who will do activist work like Eugene Peaceworks used to do. --Milton Takei
