FRUIT BOOTH DAY PASSES AT THE FAIR

It is that time of year again when we are looking for day passers to help out at the Growers Fruit Booth at the Oregon Country Fair. Have a great time cutting, stocking and serving fresh fruit while bringing funds in for the Growers Market. This is a great opportunity to be a part of the magic that makes the fair come alive.

Please e-mail Jaci at jacimck@hotmail.com Please include your name, number, e-mail, time, and day or days you can work. Just remember flakes belong on popcorn and not at the fruit booth. We look forward to working with you.

DRY GOODS NOTES

hello growers, sorry for the long silence, life gets buzy sometimes. we have some new/returning items you may have missed. first off we have organic, raw macadamia nuts back in stock for a possibly limited time. there were fewer droughts and fires last year so the harvest was a better one, united has them on sale so we brought them back for now, they are just under \$20.00 a pound and you will find them in the cooler. field roast burgers are back, \$1.47 each, in the big freezer. also in the freezer are two, count 'em two, new flavours of coconut bliss, cinnamon chocolate fusion and chocolate chip cookie. by popular demand we have bulk og brown sugar for all your baking adventures. those wonderful locals, sweet creek foods have created some new items, we've had their yummy pasta sauces for a little while (don't say it out loud, the kid's pasta sauce is sweetened with carrots!) and we now have their applesauces and apricot jam, give them a try. soon to arrive are bulk kalamata olives, in the cooler, and organic honey in 16 ounce jars and possibly half gallon jugs. don't forget we have hideaway bakery bread available, limited varieties due to their baking schedule.

there is a change with the butter we've been carrying for years, it is no longer available, sigh, so i'm trying other options over the next two or three months, let me know what you like. we can get red popcorn to go along with our yellow and white varieties, if you want it please say so. stone ground mustard has been out of stock all year, i've ordered spicy brown mustard to take the place for now.

that's all for now, thanks for being growers and a big thanks to all of our dedicated strawbosses and coordinators- you rock! sue
